YEARS

Fifty years of Euclid High School. Way back in the Fall of 1949 the first students entered Euclid's halls. What an exciting experience for those new students. Everything was brand new and big. It was not as large then as it is now but it was still a very impressive building. Nine months later the first volume of the Euclidian was delivered. Now, fifty years later the fiftieth volume of the Euclidian was delivered. Many things have changed during those fifty years but one thing still remained constant. Euclid was committed to taking its students and giving them a chance to get the best education that they could get. The building has shown some signs of aging but the education process has not diminished.

Right: Tina Amigoni is a member of the volleyball team. Girls have been playing volleyball for many years at Euclid.

Far Right: Ingrid Orlic and Katy Carmichael enjoying some of the tradition felt by being in Euclid's hallowed halls.

Below: Students enjoying their classes in one of Euclid's many classrooms.

Below Right: The Majorettes and Flag Corps during pregame ceremonies on Euclid's football field.

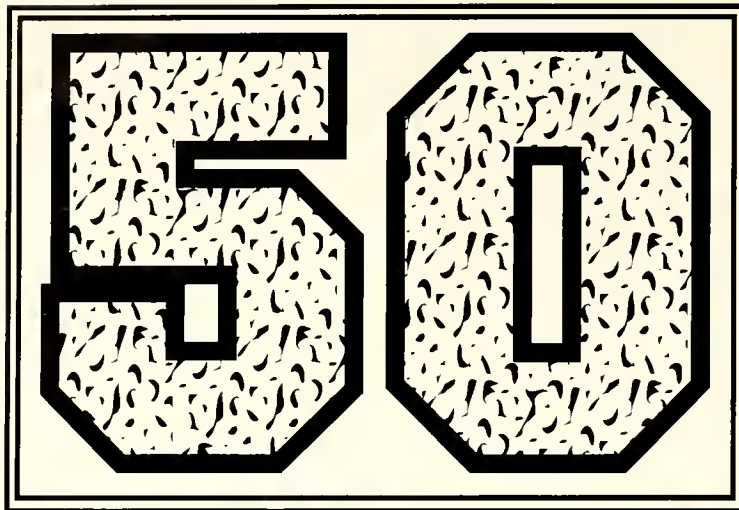

Far Left: Angela Forgas and Rick Bartel are helping Mrs. Angela Christopher in the Main Office. Students have been helping the Euclid staff for as long as the school has been open.
Left: Fifty years takes its toll on the equipment in the school. During the fall of 1998 two new boilers were installed to help keep the building warm in the winter.

Above: Jennifer Muhvic, Dawn Merritt and Katie Mc Cluskey have enjoyed themselves while at Euclid.

Left: Amanda Price works on an assignment on a computer. There were no computers in the school when it opened fifty years ago.

YEARS

Right: Megan Novinc plays on tennis courts that have undergone many changes in the past fifty years.

Far Right Above: Rebecca Jenkins, Mary Tisi, Bridget Resnik and Manuel Ottinger are doing their chemistry experiment in the cross corridor labs which are not fifty years old.

Far Right Below: Redon Jones is carrying the ball for the Panthers like many previous running backs have done during the past fifty years.

Cheerleaders like Kelly Baylog, Maryann Colvin, Nicole Samsa and Kendra Smith have been cheering for Euclid football teams for fifty years. Nate Dore is in the Panther suit.

Dawn Merritt and Katie Kolar bringing the ball down the field trying to get it into scoring position. There wasn't any girl's or boy's soccer when Euclid opened fifty years ago.

Students using the Library and the Auditorium which are part of the original building and are fifty years old.

YEARS

Things were a lot different fifty years ago. Hair styles were different. Clothes looked a lot different. Students were exposed to a multitude of different stimuli. One thing was not different. The students walking through Euclid's halls in 1949 were about the same age as the students walking through her halls now. Students do different things than they did fifty years ago, but they still have a life in and out of school and they still belong to clubs and activities and organizations. Euclid still gave students a chance to prepare for the rest of their lives.

Right: Angie Sabbath and Kim Tramsak enjoy their moments in their business class.

Middle Right: Suzanne Lucas, Melissa Bartchak and Natalie Beck are good friends who enjoy doing things together.

Below: Melissa Waina enjoys her life as a soccer player.

HOMECOMING GAME

Homecoming week began on October 5 which Student Council declared as Hat Day. Tuesday was Mismatch Day, Wednesday was Jersey Day and Thursday was Blue and Gold Day. Many students participated in these activities leading up to the Homecoming game with Mentor. Euclid struggled throughout the game and was only ahead by a score of 13-12 with less than six minutes left in the game. After that, **Hassan Brown** intercepted a Mentor pass and returned it 22 yards for a touchdown that made the final score 20-12. Euclid only gained 32 rushing yards and the only way they were able to stay in the game was to cause Mentor to commit five turnovers in the second half. The game turned out to be a good beginning for the Homecoming weekend.

A NIGHT

More than 700 students

On Saturday evening, October 10, 1998, after a week of pep rallies, Homecoming Court elections, and displays of school spirit, the Euclid High Student Council held its annual Homecoming dance. Over 700 students attended the enchanted evening in Paris gala. The E-Room had been decorated with gorgeous French paraphernalia and a D.J. played all of the student bodies favorite hits. The Homecoming was originally announced during halftime the previous evening but they were again introduced at the dance. **Mercedes Ivey** was the sophomore attendant, **Julie Stobierski** the junior attendant, **Suzanne Lucas** was Homecoming Queen and **Cordell Morris** was King. All were present and showing their school spirit. All who attended had a fantastic night which created some great memories that would last forever.

YEARS

Fifty years ago, seniors entered their first and last year at Euclid high school. Euclid High School was a brand new building that fifty years later would hold many memories for many thousands of students. As this year's seniors looked back on their graduation, they experienced many emotions. Though they may feel that way, they must not forget the changes they've gone through, growing in different ways, the times of celebration and the times they would rather forget. Emotionally students grew and learned how to love, have faith, control hatred, and even trust.

Right: **Jeff Evans** and **Niki Yannaras** are seniors who work hard and are looking forward to a successful future.

Far Right: **Laurel Grundman**, **Katy Carmichael** and **Leah Cherne** have accomplished much during their years at Euclid.

Class of 1999

By the time a student became a senior they had a good understanding of the workings of their school. Seniors were the most knowledgeable and understanding of the workings of Euclid High School. Seniors always had the highest level of expertise in the high school. The class of 1999 was no exception. Many of them were hard working individuals who were doing their best to prepare themselves for the years ahead. Fifty years ago the first class graduated from Euclid High School well prepared for the world they were about to enter. The class of 1999 was also ready for the world they were about to enter.

SUMMER TRAVELING

Euclid students spent time in Germany

Senior **Lisa Basalla** and junior **Sara Pfahl** had a chance of a life time during the summer of 1998 when they were able to spend two weeks in Germany. They stayed with the Deiseroth family in a village near the city of Kassel. Lisa and Sara already knew the brother Andreas and sister Sandra. Both had been in Euclid several years ago and had stayed with Sara's family. Sara and Lisa remained good friends with Andreas and Sandra during that time. They finally took the opportunity to visit their German friends on Wednesday, June 24. During their stay, they experienced the culture firsthand. Neither Sara nor Lisa knew any German, yet for the most part they were able to communicate. Sara and Lisa saw four exquisite places and a famous German circus Flic Flac. During their stay, they spent a weekend in a youth hostel in Berlin. They were fascinated by all the history that surrounded them. They were able to walk along parts of the Berlin Wall and went to the Check Point Charlie Museum. Besides all the impressive structures, the German people in general were extremely friendly and kind. Lisa and Sara look forward to visiting again sometime in the future.

FAVORITE TEACHER

Seniors voted for the teacher they liked most

The seniors were polled as to who their favorite teacher was. Almost fifty teachers received at least one vote which indicated that many of Euclid's staff appealed to some of the student body. The winner for the second year in a row was Mr. **Jeff Hartman**. In a close second place was Ms. **Diane Maroli**. Mrs. **Carol Tkac**, even though she retired last year was in third place.

Tied for fourth place was Mr. **Steve Marcu** and Mrs. **Marketa President**. Next was Mr. **Robert Heramb**. Other teachers mentioned, in no particular order, were: **Ingrid Koenig**, **Barbra Masseria**, **Edie Mellen**, **Chris Torrelli**, **Tom Banc**, **Katie Morris**, **Sean O'Toole**, **Betsy Anness**, **Susan Dennis-Rogers**, **Bill Von Benken**, **Deborah Petrick**, **Sue Amato**, **Vicki Nally**, **Lisa**

LONG TIME EUCLID RESIDENTS?

Most seniors not native to Euclid

A poll was distributed to all seniors at the beginning of the year in which they were asked if they had attended Euclid schools all of their lives. Most students had not but the percentages were about the same as the previous year. They were then asked how many years they had attended Euclid schools. These percentages were very similar to the previous year's with the exception of those attending four years where the class of 1999 had a much higher percentage(39.7%) than the class of 1998(18.5%).

CALL YOUR HOUSE YOUR HOME?

Most seniors live in a house

In the same survey, seniors were asked if they lived in a house. By far most of them replied that they did and the percentages were about the same as the previous year showing that most of the seniors were attached to the Euclid community through their place of living.

Seniors

COLLEGE BOUND

Most seniors plan on going to college

Seniors were asked whether or now they were planning on going to college. More than 90% of the responding students replied that they were intending on going to college. This is a little more than the percentage from last year. It shows that most seniors realize the importance of getting a college education.

Jeff Evans, Bob Butera, Matt Krutsch, Joe Dunford and Chris Biehl are students who will definitely think about continuing their educations past high school.

SENIORS INVOLVED IN ACTIVITIES

For many students school began at 7:40 am and ended at 2:25 pm and the time before and after that was devoted to a job or themselves. But for many Euclid students school began before 7:40 am or continued after 2:25 pm if they were involved in extracurricular activities. Many students were involved in sports which were played after school but were often practiced before school while many others participated in some of the many club or music groups that were available to anyone who wanted to participate. If someone had an interest there was probably some organization at Euclid that could fulfill their interest.

I'LL DO THE DRIVING

Students have been coming to Euclid High School for fifty years. Some students walk, some come by bus and others come by car. A poll of seniors asked if they came to school in a car and 74 per cent said that they did. They were then asked if they did the driving and 57 per cent said that they did. These results were very similar to the results of a similar pole the previous year.

DO YOU HAVE A PART-TIME JOB?

HOW MANY HOURS PER WEEK?

WORKING HARD

Most seniors have a job after school

One very big difference between high school life in the nineties and life fifty years ago was the number of students that had after-school jobs. In 1949 students would go home from school and do homework or work around the house or play with their friends. In the 1990's having a job was the norm and more than 75 per cent of the seniors had jobs and many underclassmen also had jobs. The percentage of seniors who had jobs was very similar to the percentage of seniors who had jobs in the previous year. Most seniors worked about 10 to 30 hours per week which meant that they were working during the week as well as on the weekend.

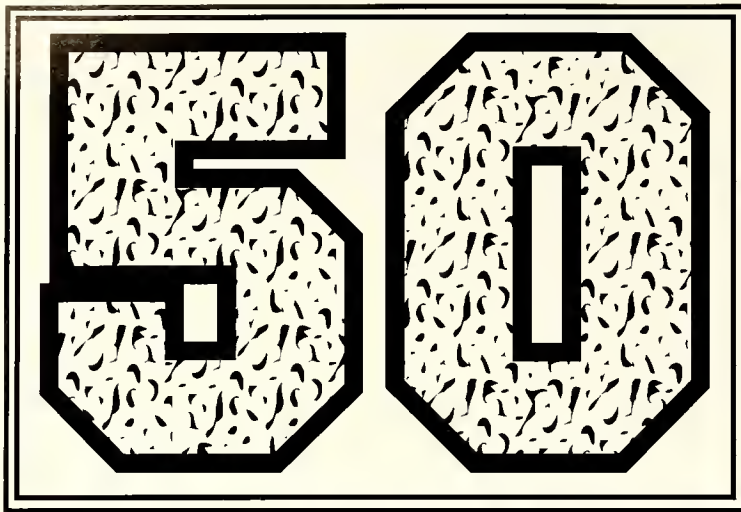

Above: Mrs. Jo-Rita Perez talks to **Valerie Van Ho** and **Rachel Dixon** about the merits of having a job after school.

Above Left: Student mediators can sometimes help out in situations where students become stressed because of trying to manage a job as well as their school work.

Left: **Dawn Merritt**, **Mary Tisi** and **Melissa Waina** are able to participate in sports which is something a lot of students who have jobs cannot do.

YEARS

Almost every sport you want to play is at Euclid. Whether you want it to be your ticket to college or just something to do everyday after school, at Euclid there was a sport for you. Sports here gave the students an opportunity to be part of a team and meet many new friends. Euclid had been competing in the Greater Cleveland Conference for the past two decades but this year changed as Euclid reentered the Lake Erie League upon the abandonment of the G.C.C. This led to longer bus trips since many of the L.E.L. schools are further away.

TOUGHER SCHEDULE

Football still did well after entering L.E.L.

The Euclid Panther football team had another exciting season as they entered the Lake Erie League and finished with an overall record of 7-3 and 4-2 in the Lake division of the L.E.L. The Panthers did not have the flashy runners of past years but they did have a lot of talented players and a good solid offensive and defensive line. They would have made the playoffs if it weren't for an upset loss to Lakewood. They finished in a tie for second place with Mentor. Euclid had a good passing attack to go along with its

running game. Van Monroe completed 62 out of 133 passes for a 46.6% completion record. His completions gained 1051 yards and scored 11 touchdowns. He had 6 passes intercepted. Brandon Richardson and Chris Harrell both finished the season with 22 catches apiece with over 400 yards gained each. Hassan Brown and Chris Harrell each got three interceptions for the season. The running game was led by Brandon Linton who gained 824 yards on 144 carries for a 5.7 yard per carry average.

Dorian Goulde also carried 70 times and gained 330 yards for a 4.7 yard average. LOVING IT

Girl's tennis has best season in more than a decade

The change of scenery from the G.C.C. to the L.E.L. this year turned the Euclid varsity girls' tennis team around. Returning lettermen and improved underclassmen all contributed to the team, which had more experience than in past years. Coached by **Pete Swope**, this was the first time in over a decade that the team was able to achieve double digit victories. Last year's overall record of 3-16 was a far cry from the 12-6 record that this years team achieved. The varsity team became a respectable team in the L.E.L. This reputation would be challenged the following year when three starting seniors leave, and underclassmen must stem up and fill their positions.

SPIKE THAT BALL

Volleyballers have a good start in the L.E.L.

Led by MVP, Maria Williams, the varsity volleyball team finished the season with 12-12 overall record and 7-5 in the L.E.L. which gave them a third place finish in the conference. The girls worked well together and won some really good games while losing some heartbreakers. Shannon Setser was an award winning setter for the team while Tina Peric and Maria Williams were the big hitters. Sara Pfahl was awarded for her all around performance. Maria Williams also won place on the News Herald Second Team

A COUPLE OF STARS

Euclid wrestling again suffered from enough good wrestlers to make up a strong team. Because of that several weight classes had to be forfeited at their matches which led to a losing season. There were several good wrestlers, however. **Mike Belanich** was chosen as the News Herald Player of the Week for January 29. For that week, Mike, who wrestled heavyweight, recorded four pins, all in less than one minute. At the time he was 12-1 with nine pins. Other good Euclid wrestlers were **Dave D'Amico**, **Sean O'Brien**, **Kevin Carse** and **Mike Grewatsch**.

CHALKING UP

Cross country spends a lot of time on the trails

The boy's cross country team had a successful season as they entered the L.E.L. and finished in fourth place in the conference. The team consisted of many dedicated runners who devoted much time and effort in training. The best runner was **Mike Miklavcic** who was able to finish in the top one or two position in most of the races and went to the State finals and finished 51st. Mike was named to the News Herald First Team for his accomplishments.

GOOD, BUT NOT

Boy's basketball had some great players

The boy's basketball team had a lot of talent but found themselves in a much tougher league when they entered the L.E.L. Tough teams from Shaker and Cleveland Heights dominated the league and Euclid had to settle for a tie for third with Mentor. The team had many high points, one of which was senior, **Emmanuel Smith** who put up some of the most impressive statistics of anyone in the area and was considered by many to be the premier high school player in the entire area. In his best game he scored 45 points and averaged more than 27 points per game which was the highest in the area. He also ranked high in three point shots, rebounding and steals. The Euclid team had a lot of playmakers that made the game enjoyable. The team was coached by **Doc Daugherty**.

WELCOME TO

Girl's basketball wins the conference

The 1999 Girl's Basketball team consisted of a very good group of ladies that were able to score, rebound and dribble the ball. They worked hard and because of that were able to finish in a tie for first place in the L.E.L. their first season. Led by **Delvona Oliver** the team was able to out rebound and out shoot many of their opponents on the way to having a very respectable season

This year threw the girls soccer team into surprise. Starting slow and short of a coach during preseason the L.E.L shocked them with the new skills needed. The girls worked well with the new coaching system of duo head coaches, **Felicia Rozzatti** and **Dick Homovec** but still finished the season with a 5-9-2 record. Every game this year was close and depended on the last five minutes. We all will remember the way the team pulled together for the first game with North. **Melissa Waina** was awarded on the News Herald first team and **Sandra Mowery** on their second team honorable mentions went to **Rebecca Waina** and **Mary Tisi**. The post season could have been longer but with all of the new changes the season ended quickly

The Euclid Panther Varsity Hockey Team had another great season making it to the Baron Cup Finals. It wasn't easy for the Panthers to get there though. In the beginning of the season the Panthers were stricken by several injuries that took five players off the ice but in no time the players were back and ready to play. They played a great regular season and was able to play in the Baron Cup Finals where they lost a tough game but got a highly respectable second place. The team was coached by Mr. Dick Homovec and Mr. Frank Soltesz.

Indoor Track team has another good

The Indoor Track team began its season in early February on its quest to prepare the athletes for another successful outdoor track season. Students participated in track and field events such as races, relays, high jumping, hurdles, triple jump, and shot put. Even though the weather outside was cold and dreary, the athletes were inside developing their skills for the future. The boy's team was coached by Mr. **Tom Gibbons** and Mr. **Orlando Mason** while the girl's team was coached by Mr. **Pete Schwenke** and Mr. **Dick York**.

Both boys and girls teams struggled

There was plenty of depth in the pool but there wasn't enough depth on the boy's and girl's swim teams which led to a year of less than average accomplishments. One bright spot for the boys was **Michael Miklavcic** who was able to reach the District competition. The team was coached by **Mr. Joe Rodriguez**.

This year's cheerleading squads led the panther fans with enthusiastic cheers and chants on the sidelines. They traveled with Euclid's football and basketball teams to boost the spirits of the fans and players. Thirteen sophomores, juniors and seniors made up the varsity football squad and nine returned to cheer for the basketball season. The cheerleaders began practicing in July for the 1998 football season. During the season they practiced after school on Mondays and Thursdays. For basketball they practiced before each game. **Laura Grosel**, a teacher at Upson Elementary School was the varsity football and basketball coach. Mrs. Rodin coached the JV squads while **Lauren Scheurman**, a Cleveland elementary school teacher, coached the freshman squads. The athletes worked hard to raise the enthusiasm of the fans and help lead the panther teams to victories.

50

YEARS

Fifty years ago when the first classes began at Euclid High School there were many extracurricular activities the students were able to participate in. Throughout the years some of the activities have changed but many have remained the same. There has always been a Student Council and a Marching Band but fifty years ago there wasn't a S.A.V.E. or a Poetry Club. The school has changed with the times but, regardless, there were many activities that the students could participate in and enjoy while at Euclid High School.

The Euclid High School Ski and Snowboard Club consisted of fifty six students who enjoyed winter more because they were able to slide down the snow covered hills at Brandywine Ski Area. The group traveled by chartered tour bus on Thursday evenings during the winter to get lessons at the ski area. The group also planned a trip to Holiday Valley in New York on the Friday before President's weekend. Snowboarding has really increased in popularity over the past several years and this year was the first time there were more snowboarders than skiers in the club. The program gave students an excellent chance to learn how to ski or snowboard.

WORKING ON THE JOB

Most upperclassmen have some sort of a job

Having a job was a big part of being a student in the 1990's. 75% of the seniors who responded to a poll indicated that they had a job. The proportion of underclassmen would be smaller, but that still was a large number of students that had jobs. One of the reasons for having a job, of course, was to be able to afford a car. After that, the money was used to buy clothes and supply entertainment for the students. Some money would go into a savings account for college for some of the students. Having a job gave students a feeling of independence and the ability to control their destiny.

It almost didn't occur as the new Principal, Mr. **Ron Seymour**, said that there wouldn't be any costumes allowed during school. After many students expressed their disappointment with the new ruling it was decided that dressing up would be allowed. Many students took the time and came in all sorts of costumes. It was a fun day that was enjoyed by all who participated. On Saturday, October 31, Student Council held its annual Halloween Party for the Euclid community where the kids could come and be entertained with prizes and games in the E-Room.

GETTING THE NEWS

...to The Euclid High School

The P. A. Announcers were the students who made the announcements to all the homerooms on the television in the morning. Each morning the announcements began with Principal, Mr. **Ron Seymour**, giving a thought to help make it through the day. The students would then read the important messages of the day. In order for all of this to occur the Media Aides had to run the cameras and audio equipment that was necessary to get the message into all the rooms. The Media Aides also distributed audio-visual equipment to the teachers and did the lighting and sound for the different events at the school. Mr. **Allen Black** was in charge of these students.

In DECA, students took part in a competitive series of events that dealt with advertising, management and marketing. Students competed on the district level and sometimes on the state and national levels. They conducted fund-raising efforts to pay for the trips to competitions. In their junior year, marketing students studied business finance, marketing research and other business related activities. Seniors spent part of the day in school learning about job interviewing, sales and advertising. During the remainder of the day they were employed at local retail, wholesale or service businesses.

STORING STUFF

Students have been using lockers at Euclid for fifty years

Fifty years ago the first students at Euclid High School began putting their personal belongings in their brand new lockers. Nowadays, students were still concealing their belongings in their lockers. The lockers were no longer new, and some were older than others, but the idea remained the same. Students still needed a place to store their materials while they were at school. Many students decorated their lockers so that everyone knew that it was their locker.

YEARS

One of the most important parts of any school were the employees who made everything happen. The staff consisted of teachers, administrators, secretaries, paraprofessionals, security guards, nurses, librarians, cafeteria workers and custodians without which Euclid would not be the school that it was. None of Euclid's current staff were around when the building opened in 1949, but there were many who were here more than thirty years.

Putting The Pieces TOGETHER

The purpose of the staff at Euclid was to enable the students to succeed in what they wanted to do after graduation. An important part of this was trying to get the students to begin thinking for themselves. The ability to think was the most important part on education. Facts were soon forgotten but could always be looked up if one knew where to look. The ability to think, however, could never be lost and every situation could be analyzed and then responded to in an intelligent way.

YEARS

Students spent three years as underclassmen at Euclid High School. During that time they went from being a new freshman who was in awe with the size of the school to juniors who were well versed in the operation of the building. It was a growing up and learning process that they all had to go through. It was necessary to prepare them to become seniors. It was fifty years ago that the first classes of underclass began.

Far Right: **Oriana Belavic** and **Jacqueline Polke** learning laboratory techniques by doing experiments.

of ... 2002

In the fifty years that Euclid has been open, freshmen have played a part only in the last several decades since Euclid only had three grades when it first opened. The one reaction that freshmen had when they first viewed the school was one of size. It was so awesomely large. The first days were always so hectic trying to find a way to get to every class and then to make it shorter. Freshmen were thrown onto a new pool of students and had to meet new people and make new friends. Many freshmen spent a lot of time trying to look just right so they would appeal to their classmates. It was a new experience, but it was one that most adapted to and learned how to get about in a few short weeks.

LEARNING THE ROPES

Sophomores have learned how school operates

By the time students got to be sophomores they had a pretty good understanding of how Euclid High School operated. Sure, the discipline code book changed a little every year but for the most part the everyday routine of survival at the school was understood. Sophomores began to become active in many of the activities that were available to them and they matured to the point where they were becoming mature young men and women. Sophomores had been a part of Euclid high for the past fifty years.

GAINING MATURITY

Sophomores show much growth after their freshman year

Sophomores had learned much about Euclid High School and matured in the process. Sophomores were usually much more reliable when it came to doing their homework and studying for tests and doing everything that was necessary for achieving in their classes. Some had jobs that forced them into learning responsibility and some began driving which took even more responsibility. The sophomore year was one of great change.

Above: Sophomores helped by being part of the Marching Band.

Right: Manny Ottinger and Tony Basalla bringing the ball down the field.

Matthew Tschantz, Christine Metti, Kim Swausegar, Chris Harrell, Ilya Kharin, Greg Sattler and Michael Tschantz showed their spirit by dressing up for Halloween.

GETTING CLOSE

Juniors only have one year to go

For fifty years juniors had been in the position of having only one year remaining before graduation. Juniors were mature students who were participating in many clubs and extracurricular activities and were the ones who were in position to take over the following year. Almost all of them had their driver's license and many had cars so transportation was much easier than as a sophomore. Many also had jobs so they had a source of income to help pay for all the clothes and toys and types of entertainment that they enjoyed. Being a junior was an exciting moment for most students.

Lauren Miheli and Nate Dore were a matched pair when they came to class.

YEARS

The final deadline for the 1998 yearbook was at the end of February so everything that happened after that time could not be included in the book. Because of that we are including the highlights of the end of the 1998 year in this book.

Baseball comes out swinging

Finishes first for last time in G.C.C.

The varsity baseball team had another successful season as they finished their tenure in the G.C.C. with a 21-8 record. The season began slowly after the Panthers lost five of their first seven games. After that, however, they got in the groove and won 19 of their next 22 games. They won the G.C.C. for the last time.

LET'S GO DANCING

Prom gave students a chance to dress up

Prom was held on Thursday, May 14, 1998. This was the earliest it was held in many years. Seniors still had two weeks of school after they got back from Prom. It was also a problem since it occurred in the middle of Advanced Placement Exams making it difficult for some students to concentrate on their exams. It was held at Landerhaven Party Center and was attended by about 300 couples. Everyone looked very nice and lots of prizes were awarded at After Prom.

Senior Citizen Prom was sponsored by Student Council and was held in the East Gym on Wednesday, May 6, 1998. Many senior citizens from the Euclid community enjoyed dancing to the live band with spouses or with members of Student Council.

TIME TO GRADUATE

Commencement was an emotional time

Commencement was held on June 7, 1998. The weather was threatening so the ceremonies had to be held in the East Gym instead of in the stadium. It was a cool, cloudy day so conditions were not uncomfortable. The event was an enjoyable experience.

Co-Validictorians, Allison Metti and Lisa Udovich, and Salutatorian, Betsy Gibbons, gave a short talk to the senior class during Commencement.

Adjusting your tassel is an important part in the preparation for Commencement.

Students had lots of time before the Commencement ceremonies began since they were required to get to the gym one hour before Commencement began.

Never be content with someone else's definition of you. Instead, define yourself by your own beliefs, your own truths, your own understanding of who you are and how you came to be. And never be content until you are happy with the unique person you are. Always! Know that I will be with you every step of the way. Reach for the stars.
Love,
Ma

Oral,
No parent could ever be prouder. I give you this, "Do not pray for an easy life, pray to be a strong person." May God protect you and keep you spiritually strong.
Love,
Dad, Mom, and Naomi.

Victoria,
Love God, love yourself and love others. Remember, if you want to succeed at anything, if you want to master anything, fall in love with it, for you will give yourself to what you love. I am so proud of you, my 'Sweetie'.

 My tiny little girl: Growing you were so precious and sweet.
 My beautiful young woman: As you go into the world with all that you are and know. You will see rainbows wherever you go.
 I'll be here for you wherever I am.
 Whenever you need me.
 I love you always,
 Mom

Dear Brandon,
 It's hard to believe this point in your life is here already! The years have passed by so fast. It seems that just yesterday you were taking your first step, and now you are ready to take your largest. As you prepare for college, you are a wonderful young man and we are extremely proud of you. Please know our love for you runs deep, and we will always be here for you. May your life be filled with many blessings.

Megan Ballinger

Dear Megan,
 Congratulations!
 Today is your day.
 You're off to great places!
 You're off and away!
 You have brains in your head.
 You have feet in your shoes.
 You can steer yourself
 Any direction you choose.
 You're on your own, and you know what you
 know.
 And you are the one who'll decide where to go.
 Dr. Seuss
 I love you,
 Mom

CLOSING

Colophon Thank You Staff

Josten's Printing and Publishing Division at State College, Pennsylvania printed the 650 copies of the 1999 *Euclidian*. The book was printed on Gloss 191 paper stock and included 48 pages of full color. All pages were created using the Aldus PageMaker® 5.0 program running on a Macintosh IIsi computer that had 17 megabytes of RAM, a 540 megabyte hard drive and a Daystar Powercache 50 megahertz accelerator card with math coprocessor installed. The pages were backed-up onto a 100 megabyte Iomega® removable Zip disk. A 21" black and white, two page monitor made page layouts much easier. A second Macintosh IIsi computer with 17 megabytes of RAM and a Video Spigot card was networked to the first. Both computers were running System 7.1. Digital images were imported either directly from a Sony Mavica MVC-A10 Still Video Camera into the Video Spigot or were scanned in from a photograph using a 600 dpi scanner. The images were processed using Adobe Photoshop® which had Kai's Power Tools® plug-ins installed. Graphics were produced using Aldus Freehand®, Type Styler® and Microsoft Works®. The index was made using the Josten's program, Last Name First®. The pages were recorded on 3.5 inch floppy disks and 100 megabyte Iomega® Zip disks and hard copy was printed on a Hewlett Packard LaserJet III printer. The hardcopy and disks were sent to Josten's who stripped in the photos and produced the final copy on a Linotronic printer. The first deadline was submitted on a Iomega® disk since there was so much memory needed. The rest of the deadlines were submitted on 3.5 inch floppies. The cover was designed by the Josten's Art Department. Pages were submitted to the plant on six deadlines: November 2, November 24, December 18, January 29, February 26 and March 12. The pages were submitted as double page spreads. All the color pages had to be in the first deadline since their production entailed so much work. Since the final deadline was in early March, nothing that occurred after that time could be included in the book. The picture patron option has gained in popularity with eighty seven students having their baby pictures included. The Name Stamp option that was begun last year has also increased in popularity.

The staff of the 1999 *Euclidian* would like to extend thanks to all who helped to make this book possible. First and foremost, thanks have to go to the adviser, **Mr. Von Benken** for the many long hours of hard work and planning that had to be put in to get the entire operation going and to keep it going. Others to be thanked are: **Ohio School Pictures, Inc.** for supplying film and processing for the many pictures that appeared in the book and for taking many of the team pictures, senior and underclass pictures. **Josten's Yearbook Company** for putting it all together in such an artistic manner, **Charlotte Elston** for all the time she spent arranging photography dates and supplying needed materials. **Joanne Hodder** and **Joan Beuoy** and **Marilyn Foote** and **Michael Barnes** for all the time and work they did trying to get the senior pictures arranged and taken, all the writers and photographers who contributed their time, and last but not least, the entire student body at Euclid High School without which this book could not exist.

Many people helped in some way with the 1999 *Euclidian*. Some wrote stories while others worked on the laying out of the book while others helped in the mailing of letters. Some of the students who did some work were **Mary Tisi, Bridget Resnik, Kelly Baylog, Derik Malenda, Danny Fonovic, Michael Miklavcic, Ursula Wein, Lisa Basalla, Leah Cherne, Christine Metti, Courtney Valentine**, and **Mr. Von Benken**.

Disclaimer

The 1998-99 school year is history. Many interesting and significant events occurred during that time and the *Euclidian* tried to cover as many of them as possible. This was difficult due to the limited staff. If we missed something, we are sorry. We sincerely apologize for any errors or omissions that occurred in the book but you have to understand this is only a high school publication and mistakes can happen.

Ruth Cleary

Ruth Cleary missed having her picture taken in the Fall for the Senior Section and by the time we received a picture all of the underclass sections were also completed. We are including it here so at least her picture is included in the book.

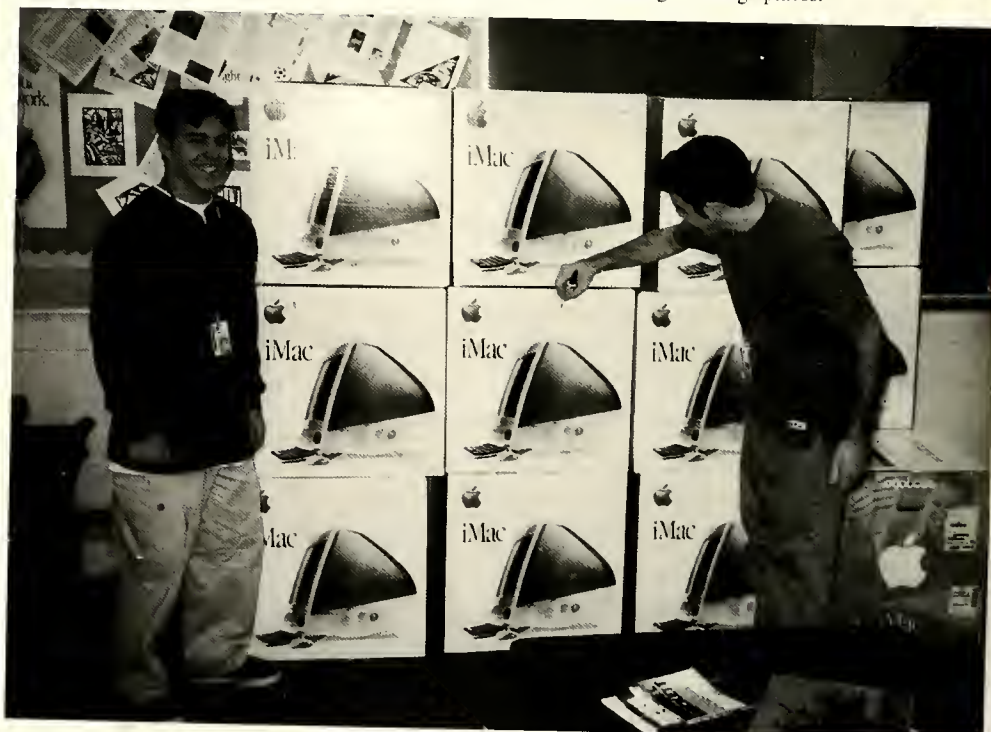

Steve Rico is an aide who impresses his students by swallowing fire.

Aaron Carpenter is shown riding his Trials bike on the rocks along the lake shore. He is participating in a sport called Observed Trials. Observed Trials is a sport of European origin and involves riding over obstacles without putting one's feet down. The obstacles can be shipping pallets, logs, rocks, spools, cement blocks, cars, etc. Perfect balance, smooth technique and strength are required. Organized competitions usually involved a series of four to ten "sections" which had specific lines and directions the riders had to proceed through to complete the section. Riders got points for putting their foot down. The rider with the least points at the end was the winner. There are two types of trials bikes. The "Stock" bike was basically a normal 26" mountain bike with at least five working gears. Good brakes and a light, strong frame was highly recommended. The "Modified" bike is what Aaron is shown riding. It consists of a frame with custom geometry, 20" wheels, a "bashguard" below the crank and brakes front and rear. These bikes are NOT BMX bikes.

The great thing about Trials was that you could ride on almost anything, almost anywhere. Aaron and his friends rode in Downtown Cleveland, local parks and even at the high school or wherever there was a wide variety of urban terrain, including walls, benches, cement blocks, stairs, etc. One important factor on their rides was to keep a watchful eye out for the police who sometimes take a dim view of riding in strange places.

Brian Paoloni and **Anthony Castrovence** are shown playing Tic-Tac-Toe with the new iMac computers which were being installed in the computer lab in room 397 during the year.

GRADUATION FEELS SO OUT OF RANGE
BUT EVERYTHING FEELS THE SAME

ANOTHER YEAR OF BUYING SCHOOL SUPPLIES
THE FEELING OF BEING AN UNDERCLASSMAN DIES
GATHERING PENS, PENCILS FOLDERS AND BOOKS
THE SAME FACES, THE SAME LOOKS
NEXT YEAR I WON'T ENTER THE SAME OLD DOOR.

GOING TO OUR LAST HOMECOMING
OUR LAST WINTERFEST
SENIOR PROM IS GOING TO BE THE BEST

WE ARE THE CLASS OF 99
THE BEST BRANCH ON THE EUCLID VINE!!!!
